### Chapter Director Chatter

Hello all,

What a hot summer we are having. Thankfully, however, we are getting some rain here and there. To those that missed the Georgia Wing Fling, you sure missed a great time and a fabulous venue. The Marriot Hotel was a wonderful and beautiful place to hold a convention. Along with the Goldwing group, there were weddings, baseball and wrestling teams, along with business conventions going on, and it was plenty large enough to accommodate everyone. The staff was more than helpful with any of our needs. Thursday evening they fed us a spaghetti dinner that went very well. It didn't hurt that it was inside in the air conditioning also.

Now for the not-so-good-news. Our little pinewood derby that couldn't. This was a double elimination event. Our first pass was against Chapter A. I placed the little Titan on the track in the far left lane. Our opponent was in far right lane. The countdown began and, Bam, the trigger was pulled and the holding arm went down, and both cars pushed forward down the track. It was a gallant effort until... our little Titan ran out of gas halfway through the flat part of the track (six feet from the finish line). OK so maybe it was a fluke, we still another chance. The second race, we had to change lanes against the Chapter D team. Again the cars were placed on the track with the anticipation building. This time I thought, hmmm, maybe if we turn it around it will do better! NOT!!! When the holding arm fell and the cars surged towards the bottom of the track they were neck in neck until the Chapter E steed put on the brakes and again fell short of the finish line by 2 feet. Well, it's back to engineering for some design work to get ready for next year. Chapter S took 1<sup>st</sup> place for the second year in a row. What a fast car they had!

Our Chapter clown was impressive but, we fell short of first place to Chapter A. Although we gave a gallant effort in the planning and development room(1026 at the Marriott) all of our efforts fell short of the 1<sup>st</sup> place prize in the hat contest. We did however, enjoy the company and efforts of all that contributed to this event.

To all that came and participated in the rally, a great big thank you goes out from your Chapter Directors, and kudos for your involvement. We had a great time and we're looking forward to the next years' event in Dillard, Ga.

We are planning a ride to Angelo's in Griffin, but it will be scheduled when we return from vacation after July16th. We will also be having another meeting before any other activities are scheduled. Chapter D's fun day in August and Chapter Q's Burger Burn in September. If you want us to schedule additional events, just call and we'll see what can be done. Remember to stay hydrated in these hot days and ride safe.

## I'm Safe

*by Jackie Vaughan*

Many people use a checklist to prepare for a trip. It might include gas, tire pressure, first aid kit, et cetera. One item often missing is the condition of the rider himself. Yet the rider's condition is at least as important as the condition of the bike.

There is a checklist which allows the rider to check out himself before every trip. Easy to remember, the list is called **I'm Safe**. It stands for illness, medication, stress, alcohol, fatigue and emotion. Let's take a look at how each of these factors affects us.

### **Illness:**

Many illnesses such as diarrhea, headache or fever can blunt our senses and affect our ability to scan aggressively for hazards or our ability to react to these hazards quickly. Recovering from an illness can do the same.

### **Medication:**

Medication such as sleeping pills, even taken the night before, or antihistamines can make us drowsy. Antibiotics do a good job of fighting infections but also leave us fatigued for several days.

### **Stress:**

Just before a trip is not the best time to air our problems. We will be in a much better mood after a good trip. Take time to relax before starting. Another thing to remember: don't bring the kids.

### **Alcohol:**

Alcohol can be summed up in a single phrase-one drink per hour. Make sure there is no alcohol in your system before you ride.

### **Fatigue:**

Working long hours at physical labor before a trip is a sure way to start the trip with fatigue.

### **Emotion:**

We are all aware that being angry or sad at can keep our mind off our riding, but we should know that being very happy can do the same. We need to take time to think things out before we start.

WOW, what a party we had at Wing Fling!! Friends having fun while making new friends and building great memories. But, now it is time to add the 2011 "Clown-n- Around Gold Wing Style" Georgia District Convention/Rally to the history books. We would like to say "THANK YOU" to everyone that attended Wing Fling and sincerely hope that you enjoyed your time clowning around with us. If you were unable to attend Wing Fling 2011, you missed out on a Fantastic Rally. There were clowns everywhere and where there are clowns there has to be FUN.

There were several Chapter Members that volunteered at different stations throughout the event, "THANK YOU" for you help and support. It would not have been a successful event without you. A big "THANK YOU" also goes to the District Team for an awesome job. This Team spent countless hours preparing for Wing Fling to provide for a FUN and Enjoyable event for all participants.

You know that a Gold Wing Rally is not complete without vendors, and we had a good show of vendors. "THANK YOU" for coming to Wing Fling and setting up your displays of goods and services. We hope it was a profitable experience for each

one and hope you will consider coming back next year.

If you were at the closing ceremonies, you know that Carlos and Dee stepped down from the District Directors position and Vicky and I were appointed as the New Georgia District Directors. Carlos and Dee have worked very hard the last two years for the Members of GWRRRA and we appreciate everything that they have done. Vicky and I will do our very best to live up to the task set before us. We look forward to visiting with each of you soon. Don't forget that Wing Ding is July 5<sup>th</sup> – 9<sup>th</sup> in Knoxville, TN and the Georgia District will be working the Ticket sales on Friday July 8<sup>th</sup>. So, if you can drop by and visit with us.

*Tommy & Vicky*

## Fair Winds and Following Seas

"Fair Winds and Following Seas" is really two quotes originating from different sources. The two quotes are a nautical phrase of good luck--a blessing as it were --as the person, group, or thing it is said to departs on a voyage in life. It is often used at a "beginning" ceremony such as a commissioning ceremony of a ship or people, as well as in retirement, change of command, or farewell ceremonies.

Well here we are having just completed an excellent Georgia District Convention and the announcement of the District Team changes that were made during the closing ceremonies. As with most changes there is sadness as well as excitement to what lies ahead.

The first thing that Julie and I would like to do is Thank Tommy and Vicky Martin for their hard work and dedication to Rider Education here in Georgia. They have set the bar very high and Julie and I will endeavor to do our best to continue and grow the initiatives they put into place. We wish them nothing but "Fair Winds and Following Seas" as they take on the responsibilities of being the Georgia District Directors.

It is our distinct pleasure to announce the appoint-

ment of Don Boren as the Assistant District Educator and Motorist Awareness Coordinator for Georgia. Don joined GWRRA in 2002 and has been hard at work with Chapter E2 as their Chapter Educator for the past year and a half as well as being a Seminar Presenter, PLP Facilitator and a Certified TRC Instructor (Rider Instructor). Don brings his "Hard Work" ethic and "Can Do" attitude to our Team and will provide us with a southern state presence we have not had for a few years. We wish Don nothing but "Fair Winds and Following Seas!"

We would be remiss if we did not Thank everyone for their support of the Rider Education Trailer raffle. The purchase of a ticket to win the trailer was a statement of support for our Rider Education program. Without you there would be no Rider Education. Once again we would also like to send a special Thank you to Gary and Barbara Thayer of Gary's Hobby Shop for their enthusiasm and support of not only Rider Education, but GWRRA. They were instrumental in the procurement of the trailer. It was a pleasure to have them at closing ceremonies and have them draw the winning tickets. We would like to extend hearty congratulations to our winners:

**Errol Soberanis** for the 2010 Escapde LE trailer and **Quinn Harris** for the Goodie Bag.

There is a new website for Georgia and hopefully it will become your resource for all of your GWRRA experiences. Take a few moments to check it out and explore all it has to offer!

In closing we would like to Thank all of the hard working members who have helped to make Rider Education and GWRRA the fantastic organization, we should probably say family that we all know and love. Yeah, sometimes we can get a little rowdy, sometimes we are dysfunctional, sometimes we can be sad, sometimes we can be happy, sometimes we can be MAD, at all times we love to eat (especially ice cream), but we cannot imagine a better group of folks than all of you!

With that said, whether you are past or current members of the District Team, Chapter Officers and Team or JAM's we wish all of you "Fair Winds and Following Seas!"

## "The Rumble in the Jungle"

With great fanfare, our new District Directors Tommy and Vicky Martin announced that we will be heading back to the north Georgia mountains for the 2012 Wing Fling!

Our event will be hosted at the Dillard House, in

scenic Dillard, Georgia, so come prepared for some fine accommodations, world renown food and wonderful Georgia mountain riding.

Next year's convention theme is "The Rumble in the Jungle," so get those Wings ready for a wild safari.

Registration forms are available from your District Team members or you can download it

from the District website at [www.gwrra-ga.com](http://www.gwrra-ga.com). Hotel reservation information will be made available soon to fully registered Wing Fling attendees.

More information about the fun activities and events will be announced soon. Get your registrations in so that you won't miss out on all the fun and fellowship with your fellow Gold Wing friends.

## Finding Inspiration...

The great thing about inspiration is that it will be different for each individual. Some find it in a great motivational speaker, their faith, from a survivor of a national/natural disaster or a loved one. The point is, you never know where you will find it, but you'll know when you do.

So what does this have to do with Motorist Awareness? .

Here is a story that has absolutely inspired me and makes me think about Motorist Awareness everyday.

It begins as we are walking into our daughters' final Beta Club induction ceremony, held in the schools cafeteria. As we were looking around the room at the balloons and the decorated tables, my eyes came upon a lone

poster on the wall. It read:

### **Don't Drive While InTEXTicated!**

I was absolutely floored! I asked my daughter where this came from and she said she thought they got it off of the internet. I do not know where its origins lie, but I can tell you this lone poster has inspired me.

Someone has updated an old slogan and made it relevant to the times and on top of that felt strongly enough to hang it on a High School cafeteria wall. I realize it applies to a large segment of our population, but especially to "Generation Text" - our current middle, high and college students. I wonder if they even knew they were promoting Motorist Awareness?

Come on, say it again; "Don't Drive While InTEXTicated!" Doesn't it seem to feel just right? I would love to see this in Public Service announcements and print pages and internet banners. Shout it down the halls, from the street corners, from the Drivers Education classes, from our Motorist Awareness encounters—either formal or informal—and even from our Newsletter articles.

Can you tell how much this has inspired me?

So now let me ask you a question; What is your inspiration?

We appreciate all that you do! Until next time;

***Take Care – We'll See You On The Road!***
